Terms of Business

- You will be provided with a clear estimate of funeral expenses both verbally and in writing at the point that funeral arrangements have been discussed. In certain circumstances costs may change either due to changing requirements or due to circumstances unbeknown to us at the time the estimate was presented. You will be kept informed of any such changes to the cost.
- Typically, we would require full settlement of the account within **7 days** of our estimate being produced after which time we reserve the right to make additional charges for Mortuary care.
- The date for Direct Cremation will be confirmed following full payment.
- However, where a Bank, Building Society, Solicitor, or Insurance Company is dealing with the account in full we would simply require official notification from them stating that the invoice would be paid within reasonable time of the Direct Cremation taking place.
- Where financial support is required from the DWP (Department of Work and Pensions) to help towards funeral costs we will assist you with the claim process.
- Following the funeral service, any outstanding costs will be itemised in our final invoice, after which you have 30 days from the date shown on the invoice for this payment to be made in full.
- We are able to accept cash, debit or credit card, building society cheques and BACS payments. We regret we are unable to accept personal cheques for Direct Cremation funerals.
- Where any account is not settled within the agreed time, we reserve the right to charge interest at a rate of 5% above base rate per month on any outstanding balance, together with any reasonable collection/legal costs incurred by ourselves.
- Full details of our terms and conditions are attached to our estimate of costs.
